It is our honour to invite you to join us at the first interdisciplinary international conference on **"Child maltreatment and well-being: Contemporary issues, research and practice"** which will be held in **Rijeka, July 7-8, 2017**. **Host institutions** of the 2017 conference are the **School of Medicine** and the **Faculty of Humanities and Social Sciences** of the **University of Rijeka**, Croatia. The 2017 conference is sponsored by the **Croatian Ombudsman for Children**.

The aim of the conference is to bring together an interdisciplinary community of scientists and professionals working in the field of child maltreatment and child wellbeing and to exchange latest research, good practice, strategies and policies on children's welfare. We invite you to submit abstracts for posters and presentations. We are looking forward to your contributions on various contemporary topics in the field of child maltreatment and well-being. You can submit abstracts of your recent research on contemporary issues regarding children, or evaluations and suggestions on good practice. After the conference, selected papers will be published in a conference book. A double-layered blind review process will be undertaken to select suitable conference papers to make up for chapters in this book to be published by the end of 2017.
