

Conference: 33rd Novembertagung on the History and Philosophy of Mathematics

The University of Rijeka is pleased to announce that the Faculties of Philosophy and Mathematics alongside with the Department of Philosophy, the Chair for Logic and Philosophy of Science, and the Centre for Logic and Decision Theory are jointly hosting the **33rd international conference *Novembertagung on the History and Philosophy of Mathematics*** which will take place at the Faculty of Philosophy on **September 15-16, 2023**.

The Novembertagung on the History and Philosophy of Mathematics is an annual international conference aimed at PhD students and postdoctoral researchers in the history and philosophy of mathematics. The conference has a long history as a friendly event for early-career researchers in the history and philosophy of mathematics. It offers the opportunity to get in touch with others in related areas and to receive valuable feedback on current research. More information about the history of the Novembertagung is available at: <https://novembertagung.wordpress.com/history/>.

This year's theme will be "**Interactions between the History and Philosophy of Mathematics**," with a special focus on methodological issues and the notions of **mathematical rigor, proof, and algorithm**.

Keynote lectures will be given by:

- Prof. **Zvonimir Šikić** (University of Zagreb & University of Rijeka Centre for Logic and Decision Theory),
- Prof. **Karine Chemla** (CNRS – SPHERE, Université Paris Cité),
- Prof. **Georg Schiemer** (University of Vienna, LMU Centre for Mathematical Philosophy),
- Prof. **Silvia De Toffoli** (IUSS Pavia).

This year's Novembertagung is generously supported by the [International Commission on the History of Mathematics \(Germany\)](#), the [British Society for the History of Mathematics \(UK\)](#), the [Groupement de recherche 3398 "Histoire des mathématiques" du Centre national de la recherche scientifique](#), and the [Archives Henri Poincaré \(France\)](#). The conference is also supported by the [Croatian Society for Analytic Philosophy](#) and the [Croatian Logic Association](#).

For more information about the conference programme and the book of abstracts, please visit the official website: <https://novembertagung.wordpress.com/>.

Organising Committee: Saša Popović (Rijeka), Megan Briers (Cambridge), Hala Khassiba (Lorraine), Tuya Sa (Loughborough), Ange Stéphane Gondo (Lorraine), Clément Bonvoisin (Paris), and Benjamin Zayton (Vienna).

Konferencija: 33rd Novembertagung on the History and Philosophy of Mathematics

Sveučilište u Rijeci sa zadovoljstvom obavještava sve zainteresirane kolegice i kolege da su Filozofski fakultet i Fakultet za matematiku, te Odsjek za filozofiju, Katedra za logiku i teoriju znanosti i Centar za logiku i teoriju odlučivanja domaćini **33. međunarodne konferencije Novembertagung on the History and Philosophy of Mathematics** koja će se održati na Filozofskom fakultetu od **15 do 16. rujna 2023.**

Novembertagung on the History and Philosophy of Mathematics je ugledna međunarodna konferencija sa tradicijom dužom od trideset godina. Primarno je usmjerena na doktorande, postdoktorande i mlade istraživače u oblasti povijesti, filozofije i zasnivanja matematike i srodnim disciplinama. Novembertagung svake godine pruža priliku mladim znanstvenicima da predstave i prodiskutiraju svoje ideje i rezultate svojih istraživanja u poticajnom i neformalnom okruženju, podjele svoja iskustva i dobiju savjete od već iskusnih i etabliranih stručnjaka, te da izgrade mrežu poznanstava sa kolegama iz čitave Evrope i, u posljednjih nekoliko godina, iz svijeta (Kanade i SAD). Više o povijesti Novembertagunga vidjeti ovdje: <https://novembertagung.wordpress.com/history/>.

Ove godine, tema konferencije je „**Interactions between the History and Philosophy of Mathematics**“, s posebnim fokusom na metodološka pitanja i pojmove **matematičke strogosti, dokaza i algoritma**.

Plenarna predavanja održati će:

- Prof. **Zvonimir Šikić** (University of Zagreb & University of Rijeka Centre for Logic and Decision Theory),
- Prof. **Karine Chemla** (CNRS – SPHERE, Université Paris Cité),
- Prof. **Georg Schiemer** (University of Vienna, LMU Centre for Mathematical Philosophy),
- Prof. **Silvia De Toffoli** (IUSS Pavia).

Novembertagung je ove godine velikodušno sponzoriran od strane [Međunarodne komisije za povijest matematike](#) (ICHM, Njemačka), [Britanskog društva za povijest matematike](#) (BSHM, Ujedinjeno Kraljevstvo), [Istraživačke grupe 3398 „Povijest matematike“ pri Francuskom nacionalnom centru za znanstvena istraživanja](#) (CNRS–GDR 3398 HistMath) i [Arhiva Henri Poincaré](#) (Francuska). Konferenciju također podržavaju i [Hrvatsko društvo za analitičku filozofiju](#) (HDAF) i [Hrvatsko logičko udruženje](#) (HLU).

Za više informacija o programu konferencije i za knjigu apstrakata izlaganja, posjetite službenu internet stranicu <https://novembertagung.wordpress.com/>.

Organizacijski odbor: Saša Popović (Rijeka), Megan Briers (Cambridge), Hala Khassiba (Lorraine), Tuya Sa (Loughborough), Ange Stéphane Gondo (Lorraine), Clément Bonvoisin (Paris), and Benjamin Zayton (Vienna).
