Osnivanje Centra za istraživanje Holokausta i genocida označava važan korak u našoj predanosti unapređivanju znanja, njegovanju akademske suradnje, kao i očuvanju sjećanja na povijesne događaje koji su oblikovali naš svijet. Naša vizija je poticati lokalna, mikropovijesna, komparativna, interdisciplinarna i transnacionalna istraživanja Holokausta i drugih genocida. Centar također ima za cilj služiti kao mjesto rigoroznog istraživanja i pažljive refleksije. Nadalje, misija Centra jest povećanje vidljivosti znanstvenika koji se bave istraživanjem jugoistoka Europe, a s ciljem premošćivanja jaza između lokalnih i globalnih studija Holokausta i genocida.
